

Posting a Goods Receipt for Consumable Materials

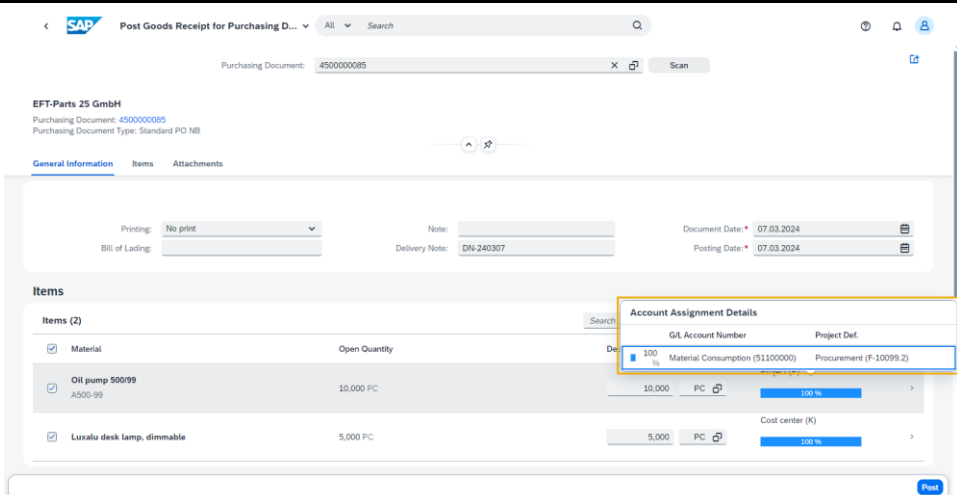

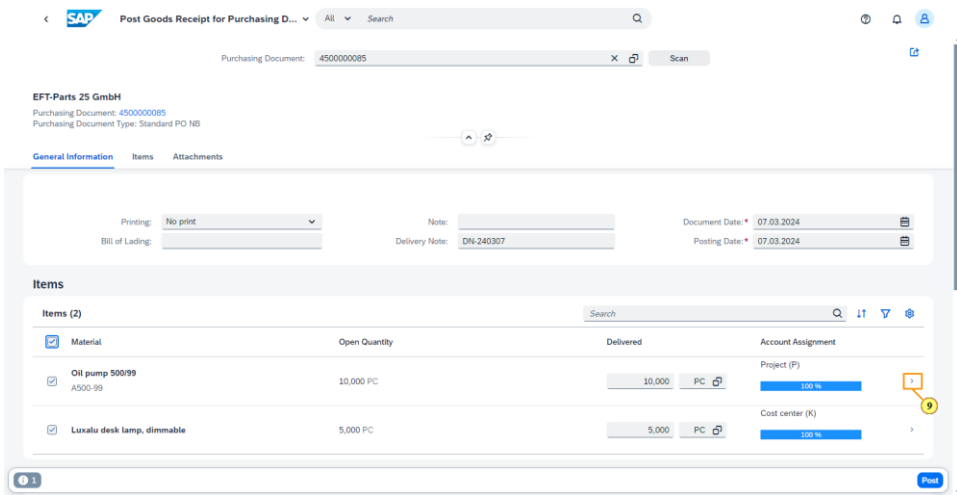

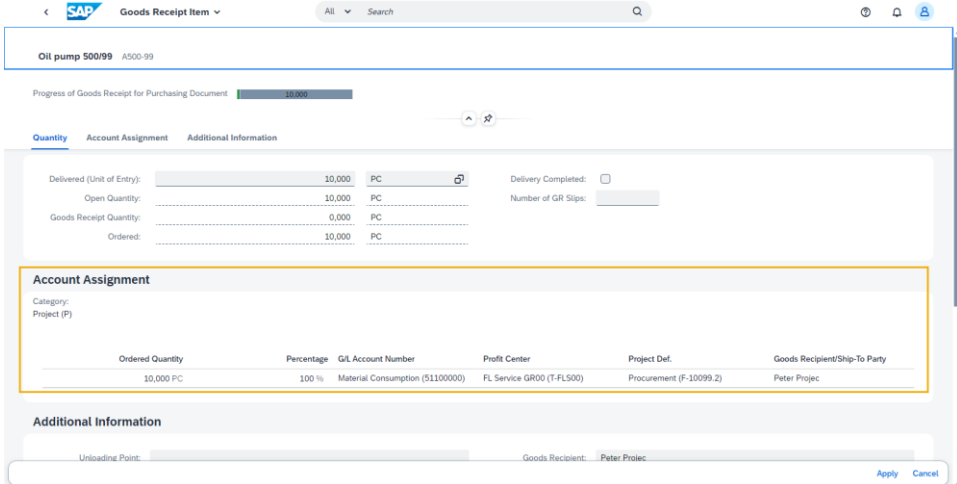

Explanation	Screenshot
 In this demonstration, we will show you how to post a goods receipt with reference to a purchase order for consumption using the <i>Post Goods Receipt for Purchasing Document</i> app. You will also see that this goods receipt has no effects on the warehouse stock of a material. The following data is used: • Material: A500-99 (Oil pump) • Delivery Note: DN-240307 • Purchase Order: 4500000085 <u>Prerequisites for the following demonstration</u> Purchase order (PO) for consumable materials with one item for material A500-99 (order quantity 10 PC for plant 1010). In this example it is the PO with number 4500000085.	

Explanation	Screenshot
① Before the goods receipt for the purchase order is entered, we check the warehouse stock of material A500-99. To do this, we use the <i>Stock - Single Material</i> app. Like the <i>Post Goods Receipt for Purchasing Document</i> app, the <i>Stock - Single Material</i> app belongs to the <i>Goods Receipt Processing</i> tile group.	 The screenshot shows the SAP Fiori launchpad interface. The top navigation bar includes the SAP logo, a 'Home' dropdown, a search bar, and several navigation tiles: 'Material Master', 'Sources of Supply Management', 'Purchase Requisition Processing', 'MRP', 'Purchase Order Processing', 'Goods Receipt Processing' (highlighted with a yellow border), 'Supplier Invoice Processing', and 'Inbox'. Below the navigation bar, there are four main app tiles: 'Post Goods Receipt for Purchasing Document', 'Material Documents Overview', 'Stock - Single Material' (highlighted with a yellow border), and 'Manage Stock'. At the bottom, there are three smaller tiles: 'Post Goods Movement', 'Display Material Document List', and 'Display Stock Overview'.
1. To open the app, select the <i>Stock - Single Material</i> tile.	 This screenshot is identical to the one above, but with a yellow circle containing the number '1' placed over the 'Stock - Single Material' app tile, indicating the first step in the process.

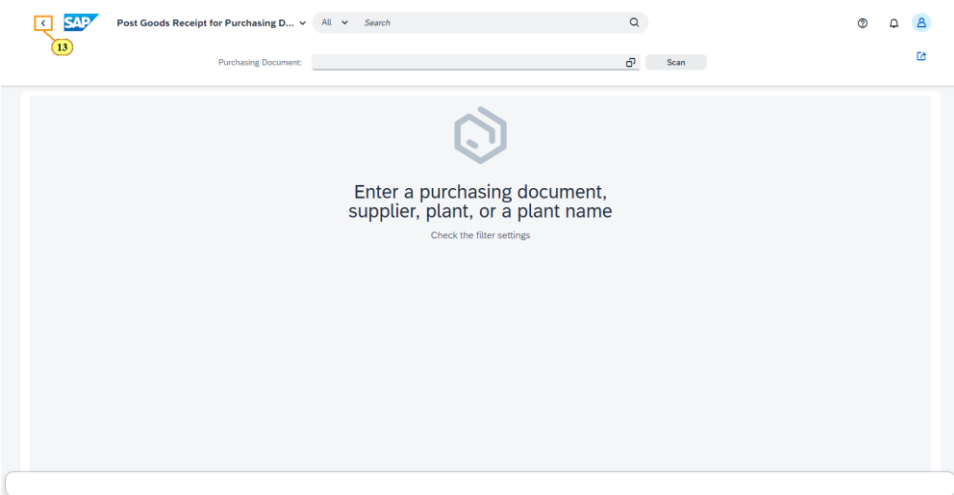

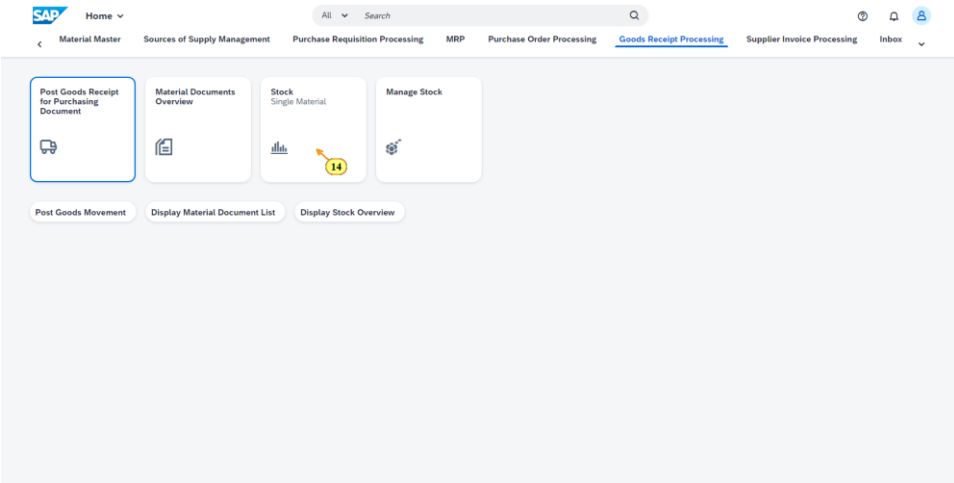

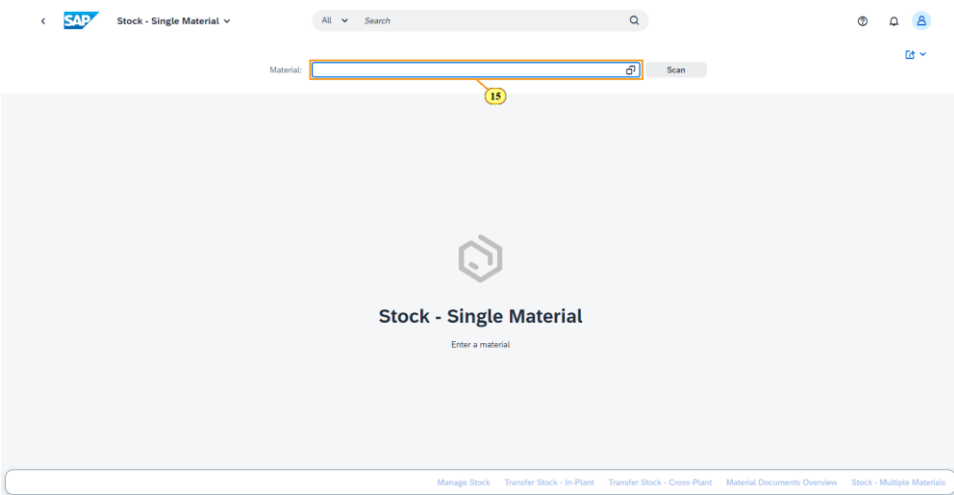

Explanation	Screenshot
2. In the <i>Material</i> field, enter A500-99 and press Enter.	
 As you can see from the list, 110 pieces (PC) of material A500-99 are currently stored in plant Hamburg (1010), storage location Material (0001) in the unrestricted-use stock. 3. To leave the app, choose the back arrow.	
 In the next step, the goods receipt for purchase order 4500000085 is entered. 4. To open the app, select the <i>Post Goods Receipt for Purchasing Document</i> tile.	

Explanation	Screenshot												
5. In the <i>Purchasing Document</i> field, enter 4500000085 and press enter.	 The screenshot shows the SAP 'Post Goods Receipt for Purchasing Document' screen. The 'Purchasing Document' field is highlighted with a yellow box and a yellow circle with the number 5. The field contains the value '4500000066'. Below the field, there is a large grey area with the text 'Enter a purchasing document, supplier, plant, or a plant name' and 'Check the filter settings'.												
6. In the <i>Delivery Note</i> field, enter DN-240307 .	 The screenshot shows the SAP 'Post Goods Receipt for Purchasing Document' screen. The 'Delivery Note' field is highlighted with a yellow box and a yellow circle with the number 6. The field contains the value 'DN-240307'. The screen also displays the 'Purchasing Document' field with the value '4500000085' and the 'Items' table below. <table><tr><th>Material</th><th>Open Quantity</th><th>Delivered</th><th>Account Assignment</th></tr><tr><td>Oil pump 500/99 A500-99</td><td>10,000 PC</td><td>10,000 PC</td><td>Project (P) 100 %</td></tr><tr><td>Luxalu desk lamp, dimmable</td><td>5,000 PC</td><td>5,000 PC</td><td>Cost center (K) 100 %</td></tr></table>	Material	Open Quantity	Delivered	Account Assignment	Oil pump 500/99 A500-99	10,000 PC	10,000 PC	Project (P) 100 %	Luxalu desk lamp, dimmable	5,000 PC	5,000 PC	Cost center (K) 100 %

Luxalu desk lamp, dimmable	5,000 PC	5,000 PC	Cost center (K) 100 %										
7. To select all items, select the <i>Select All</i> checkbox.	 The screenshot shows the SAP 'Post Goods Receipt for Purchasing Document' screen. The 'Select All' checkbox is highlighted with a yellow box and a yellow circle with the number 7. The checkbox is located in the 'Items' table, next to the 'Material' column. The screen also displays the 'Purchasing Document' field with the value '4500000085' and the 'Delivery Note' field with the value 'DN-240307'. <table><tr><th>Material</th><th>Open Quantity</th><th>Delivered</th><th>Account Assignment</th></tr><tr><td>☒ Oil pump 500/99 A500-99</td><td>10,000 PC</td><td>10,000 PC</td><td>Project (P) 100 %</td></tr><tr><td>☐ Luxalu desk lamp, dimmable</td><td>5,000 PC</td><td>5,000 PC</td><td>Cost center (K) 100 %</td></tr></table>	Material	Open Quantity	Delivered	Account Assignment	☒ Oil pump 500/99 A500-99	10,000 PC	10,000 PC	Project (P) 100 %	☐ Luxalu desk lamp, dimmable	5,000 PC	5,000 PC	Cost center (K) 100 %

Explanation	Screenshot
 The entry in the <i>Account Assignment</i> column shows that both materials were procured for consumption. Item 1 with account assignment to a project and item 2 with assignment to a cost center. It is not possible to specify a storage location for these items, as these material quantities are not stored in the warehouse. Using the first item as an example, we will show how to display more details about the account assignment.	
8. To view the account assignment details for the first item, choose the 100 % button in the item line.	

Explanation	Screenshot
 In the <i>Account Assignment Details</i> for the project item, the G/L Account number is displayed along with the project number.	
9. To display more details for the item, choose the arrow.	
 In the item detail data, you can see further information on the account assignment. For example, you see the <i>Goods Recipient</i> that was entered in the purchase order item.	

Explanation	Screenshot
10. To navigate back to the item list, choose <i>Apply</i> .	
11. To finalize the goods receipt, choose <i>Post</i> .	
After posting the goods receipt, a message appears with the material document created. The specific document number is displayed in combination with the year of the posting date. 12. To confirm the success message, choose <i>OK</i>.	

Explanation	Screenshot
13. To return to the previous screen, choose the back arrow.	
As the last step of this demonstration, we want to check the stock of material A500-99 again. 14. To open the app, select the <i>Stock - Single Material</i> tile.	
15. In the <i>Material</i> field, enter A500-99 and press Enter.	

Explanation	Screenshot
As you can see from the stock list, the warehouse stock of the material of 110 pieces has not changed as a result of the goods receipt. 16. To leave the app, choose <i>Navigate to Home</i>.
