

Adding a Free-Text Item to a Purchase Order

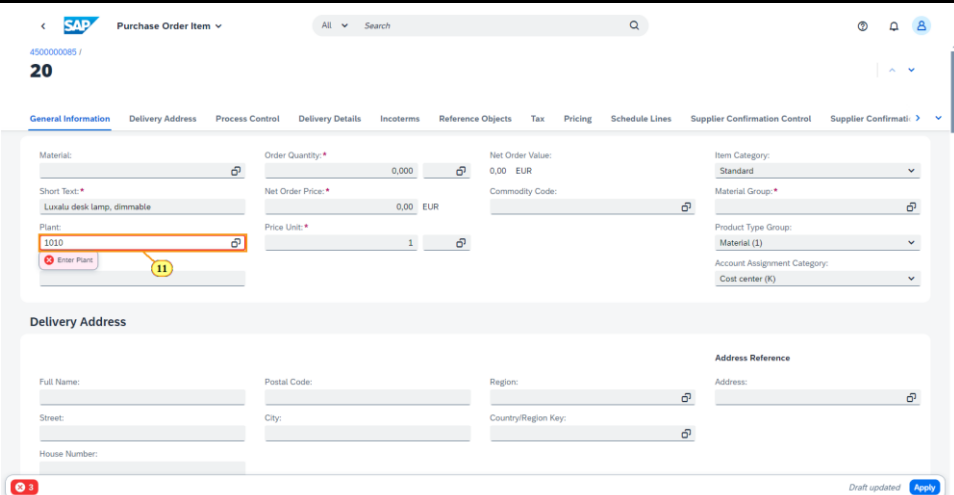

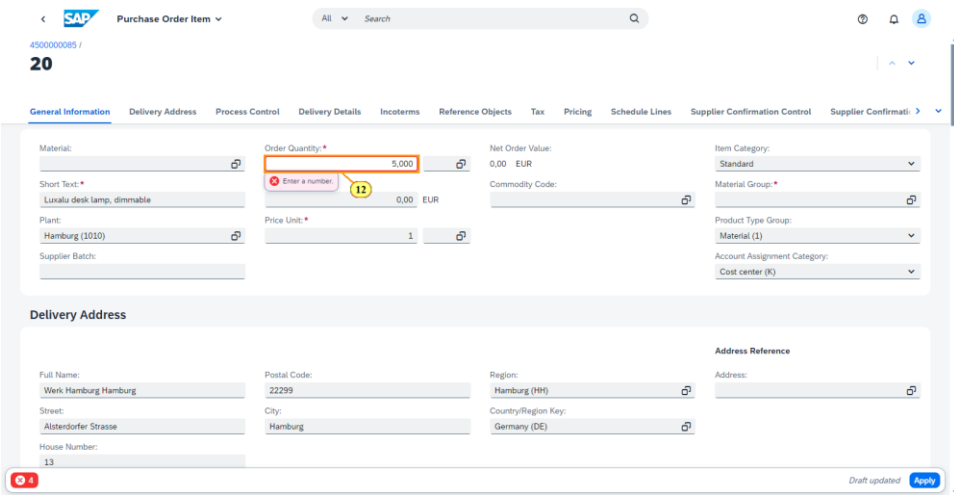

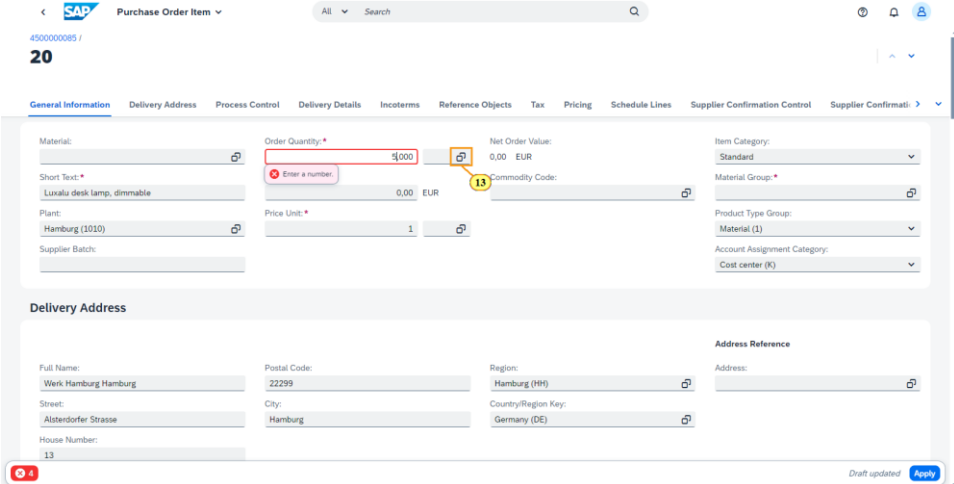

Explanation	Screenshot
 In this demonstration, we will show you how to add a new item to an existing purchase order using the <i>Manage Purchase Orders</i> app. The new item is for a material without a material master record. The following data are used: • Supplier: T-S52A99 • Material short text: Luxalu desk lamp, dimmable • Quantity: 5 PC • Net order price: EUR 25,99 • Material group: Office Materials (006) The desk lamps are required for employees at the plant in Hamburg (1010) and the costs are borne by the cost center 10101601. 1. To open the app, select the <i>Manage Purchase Orders</i> tile.	

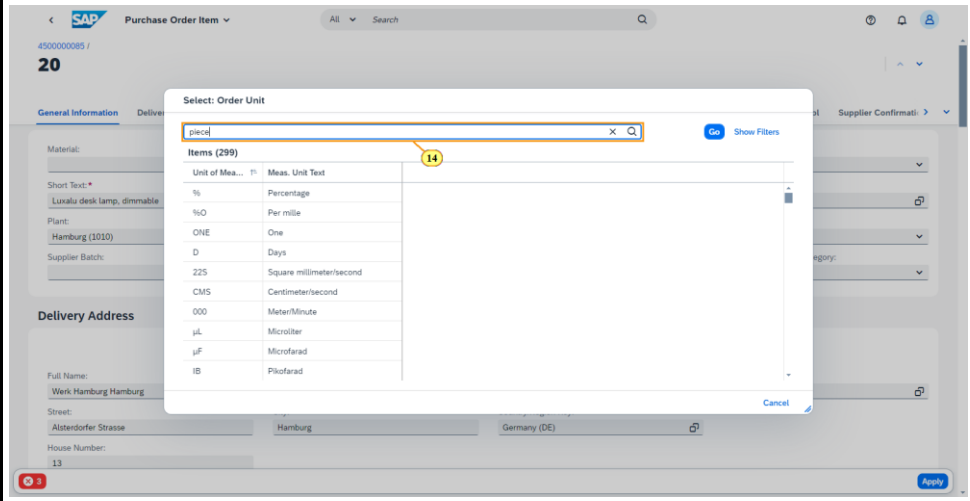

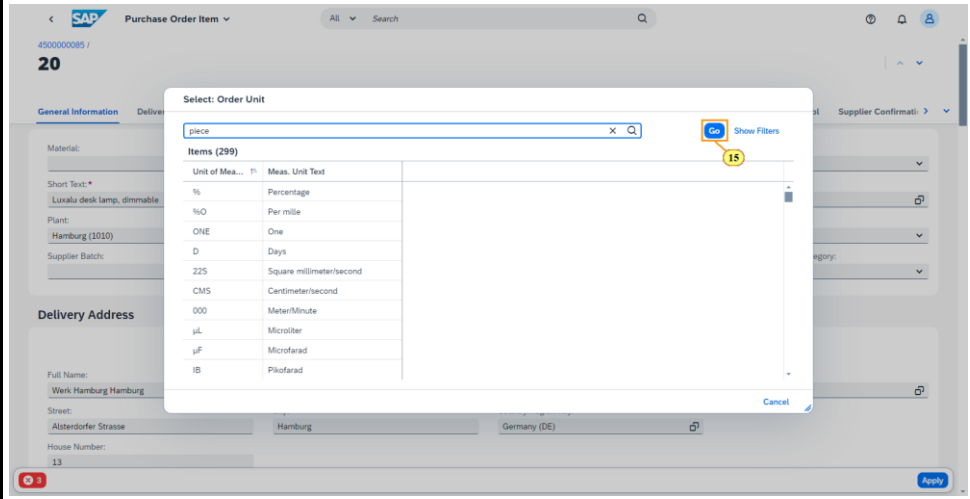

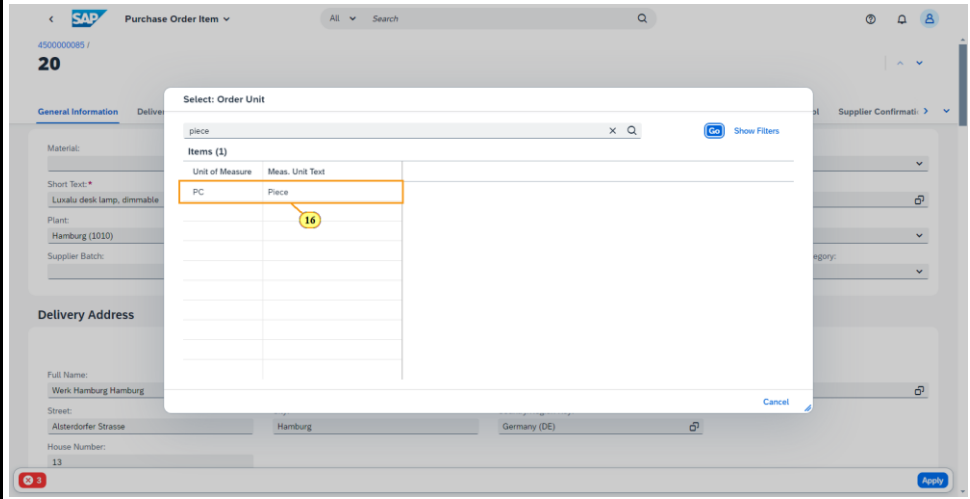

Explanation	Screenshot
 The desk lamps are ordered from supplier T-S52A99. Knowing that a purchase order has already been created today for this supplier and material A500-99, we want to add a new item to this purchase order.	
 To search for the purchase order, we use the following filter values: • Material: A500-99 (Oil pump) • Plant: 1010 • Purchase Order Date: Today 2. To execute the search, choose Go.	

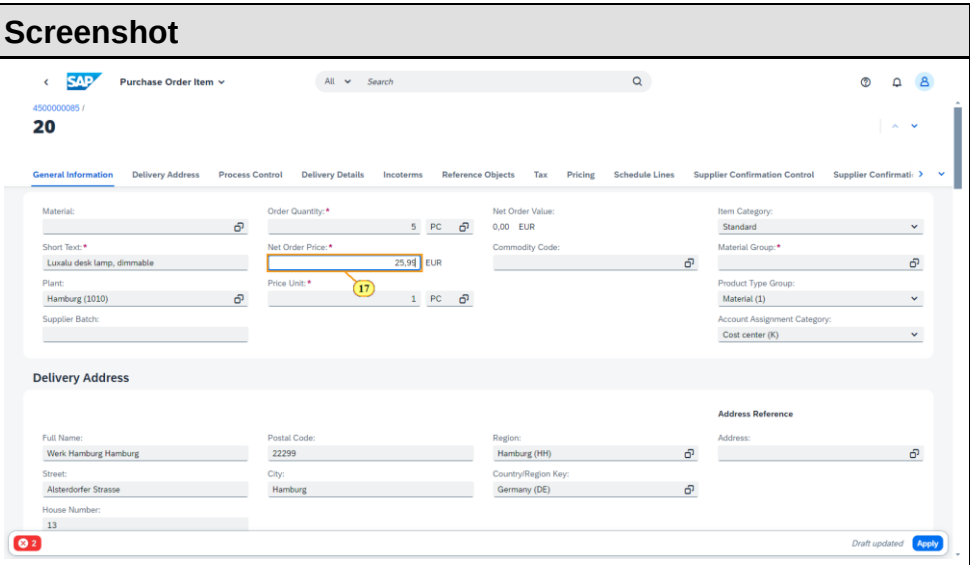

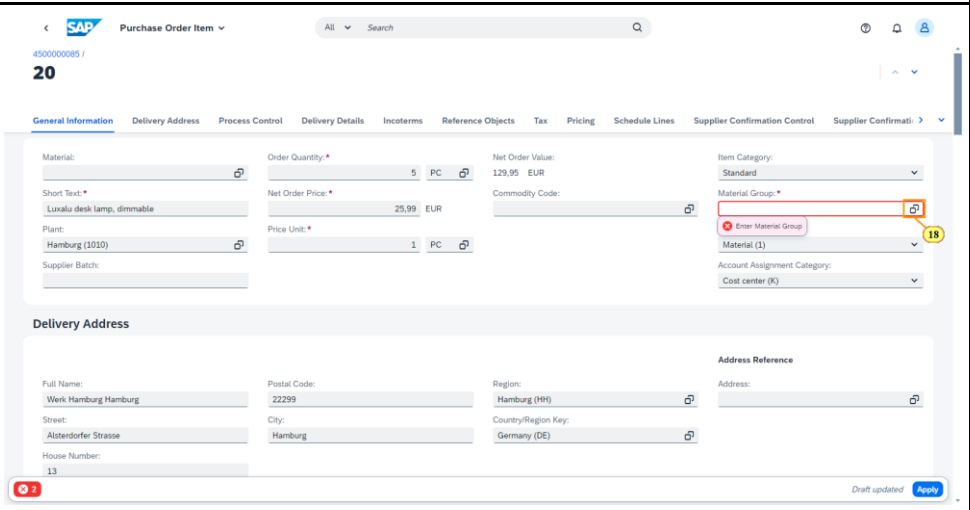

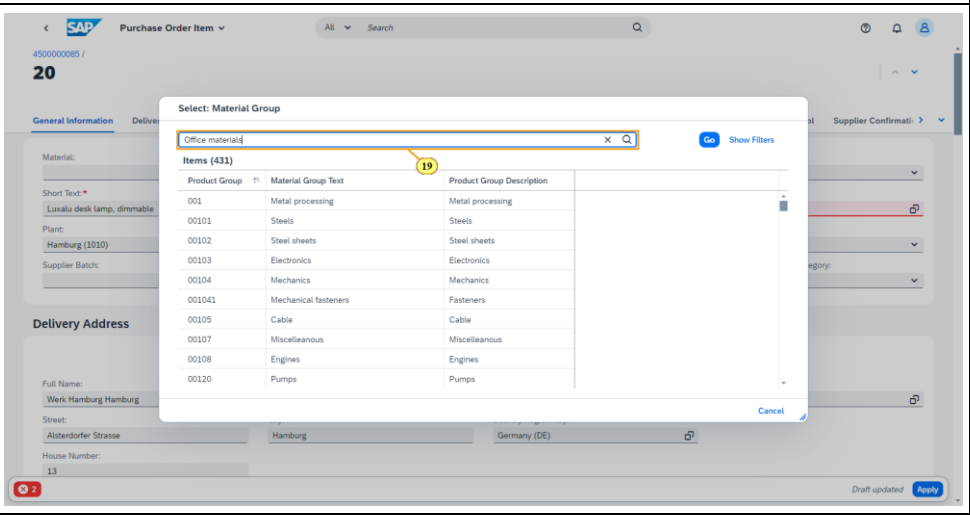

Explanation	Screenshot
In the results list, you see that the purchase order 4500000085 was indeed created for supplier T-S52A99. The status also shows that the message for this purchase order has not yet been sent. 3. To display the purchase order, choose the arrow.	
To add a new item to the PO, you need to switch from display to edit mode. 4. Choose <i>Edit</i>.	

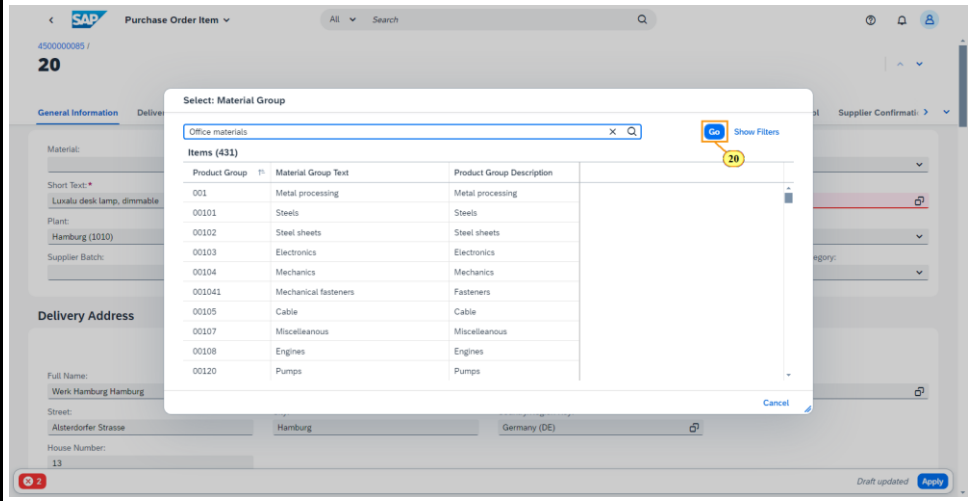

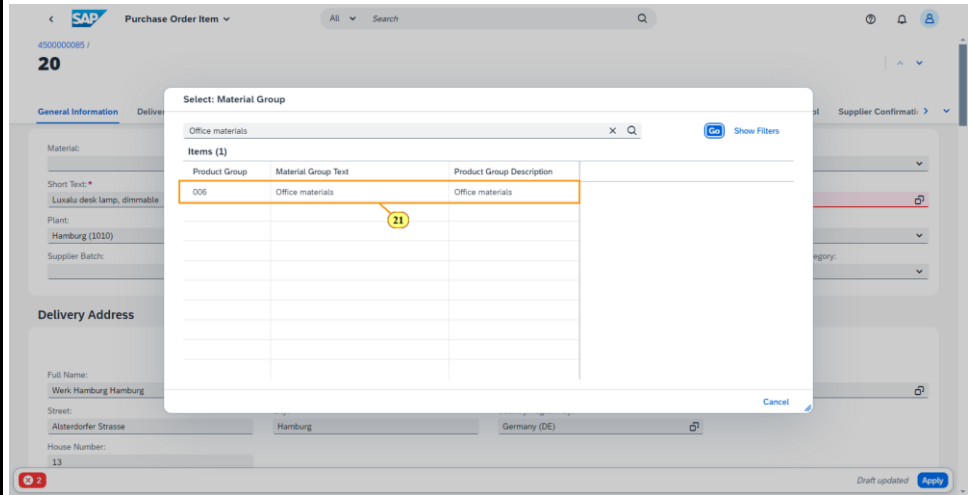

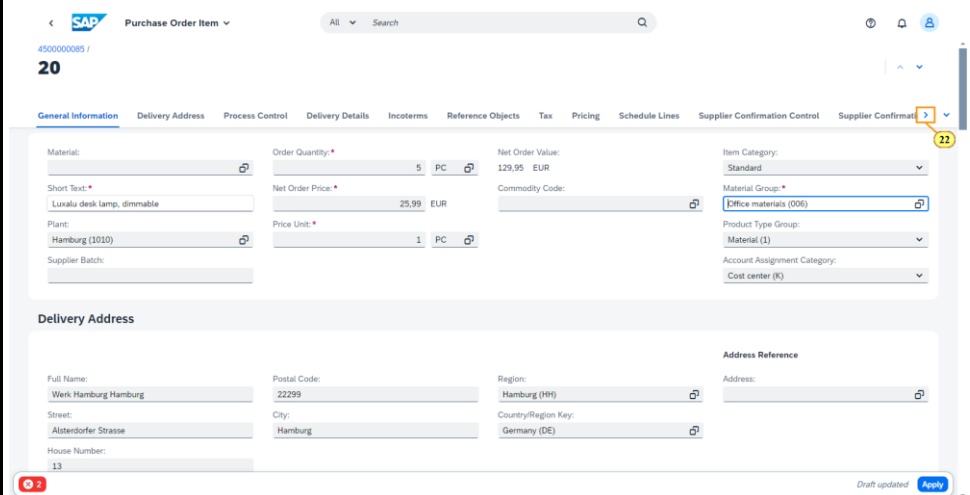

Explanation	Screenshot
5. To scroll to the purchase order items section, choose <i>Items</i> .	
6. To add a new item, choose <i>Create</i> .	
 For the new item, we enter all necessary data such as short text, quantity, price, account assignment category, and cost center in the item details. 7. To open the item details, choose the arrow.	

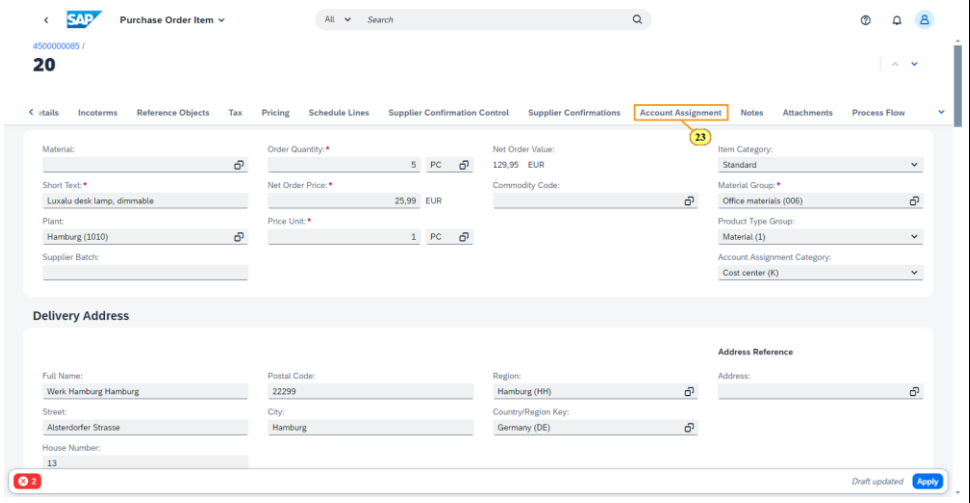

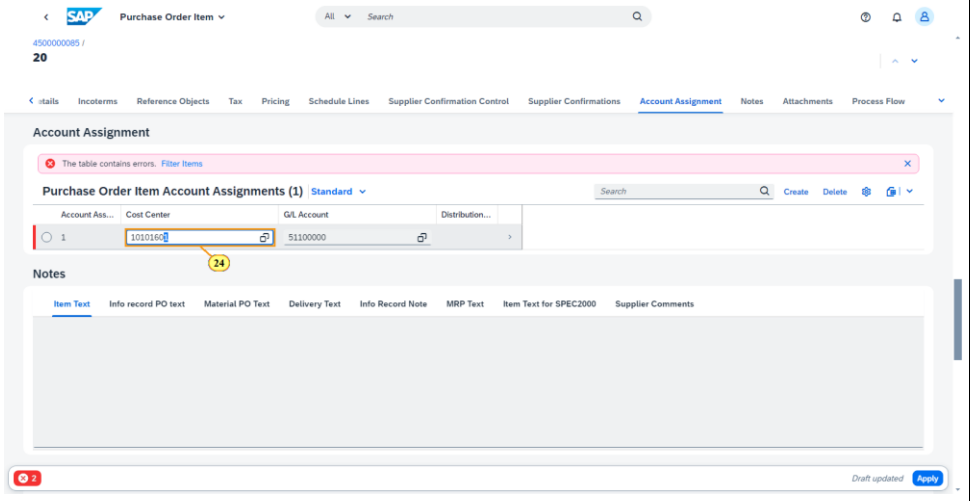

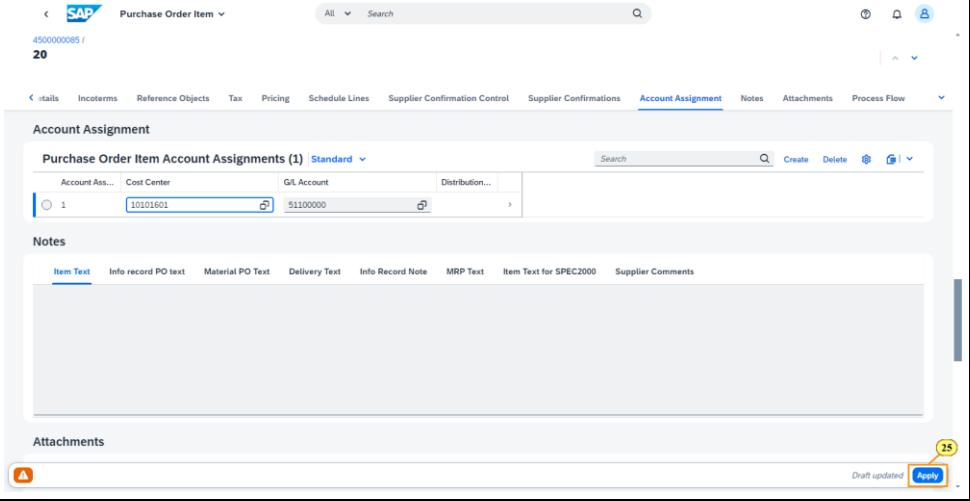

Explanation	Screenshot
8. To select an <i>Account Assignment Category</i> , open the list.	
9. Select <i>Cost center (K)</i> .	
10. In the <i>Short Text field</i> , enter Luxalu desk lamp, dimmable .	

Explanation	Screenshot
11. In the <i>Plant</i> field, enter 1010 .	
12. In the <i>Order Quantity</i> field, enter 5 .	
13. To search for the key for the unit of measure piece , open the input help.	

Explanation	Screenshot
14. In the Search field, enter piece.	 The screenshot shows the SAP Purchase Order Item 20 interface. A modal dialog titled 'Select: Order Unit' is open. The search field at the top of the dialog contains the text 'piece'. A yellow circle with the number 14 points to the 'Go' button located to the right of the search field. The dialog also displays a list of units of measure and their corresponding text descriptions.
15. To start the search, choose Go.	 This screenshot is similar to the previous one, showing the 'Select: Order Unit' dialog. A yellow circle with the number 15 points to the 'Go' button, indicating the next step in the process.
16. Select Piece (PC).	 This screenshot shows the 'Select: Order Unit' dialog after the search. The list of units of measure is now filtered to show only 'PC' (Piece). A yellow circle with the number 16 points to the 'PC' entry in the list, indicating it should be selected.

Explanation	Screenshot
17. In the <i>Net Order Price</i> field, enter 25,99 .	
18. To search for the <i>Material Group</i> , open the input help.	
19. In the <i>Search</i> field, enter Office materials .	

Explanation	Screenshot
20. To start the search, choose Go.	
21. Select Office materials (006).	
22. To view additional tabs, choose the arrow.	

Explanation	Screenshot
23. To enter the cost center, choose <i>Account Assignment</i> .	
24. In the <i>Cost Center</i> field, enter 10101601 and press Enter.	
25. To adopt all entries for the new PO item, choose <i>Apply</i> .	

Explanation	Screenshot
26. To save the PO, choose <i>Order</i> .	
You have now seen how to add a new free text item to a purchase order. <u>Note:</u> The ordered material is a material without a material master record and can therefore only be ordered for consumption, not for stock. This concludes the demonstration.
