

Displaying a Purchase Order

Explanation	Screenshot
 In this demonstration we will show you, how to search for a purchase order using the <i>Manage Purchase Orders</i> app. Additional you will learn to review the status of a purchase order and display the message. The following data are used: - For the selection: Purchasing Group Z99 and Purchase Order Date Today - For detailed display: Purchase Order 4500000066	
1. To open the app, select the <i>Manage Purchase Orders</i> tile.	

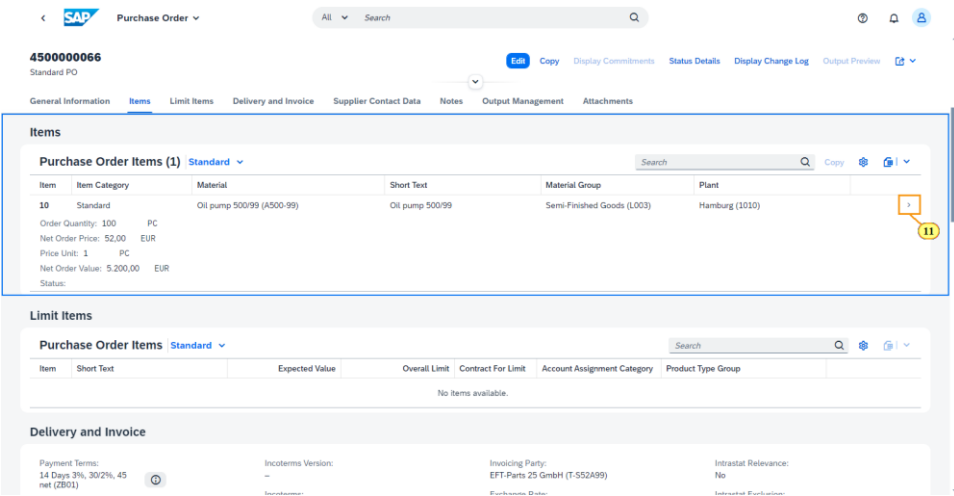

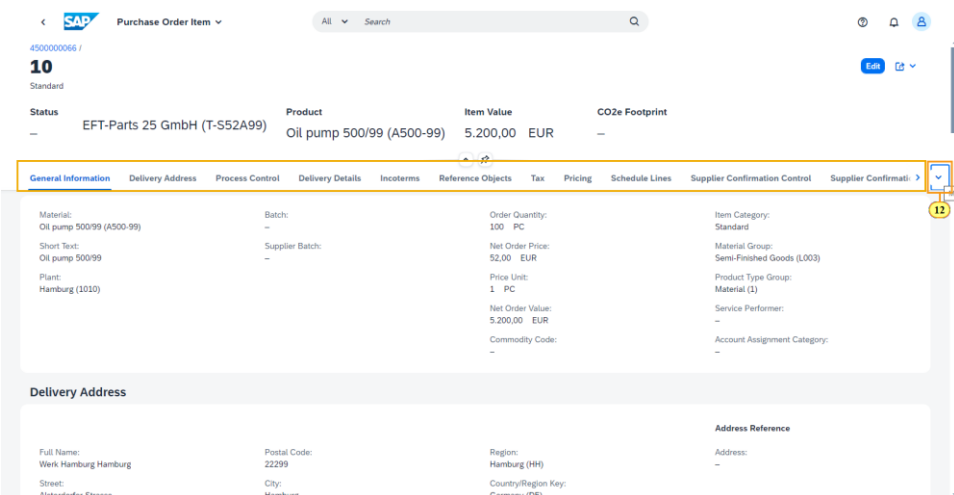

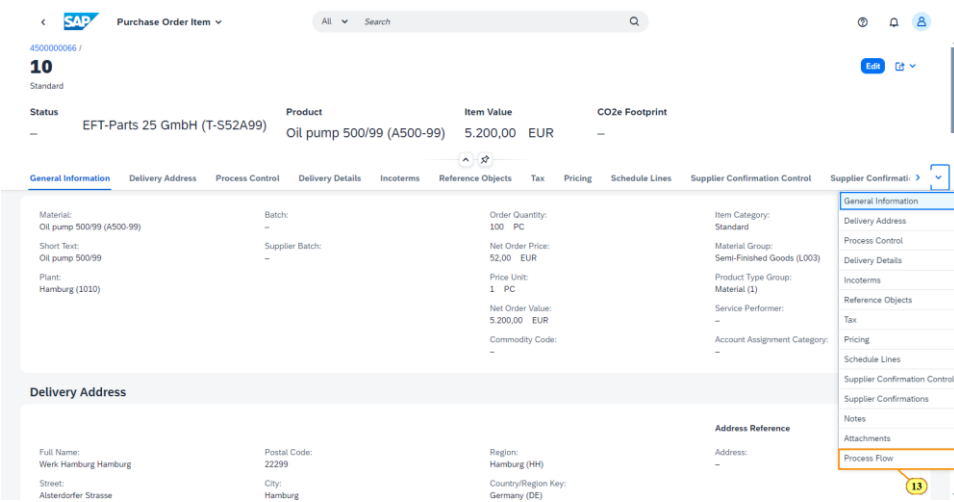

Explanation	Screenshot
You use the filter criteria in the upper section of the app to narrow down your search for documents. In this example, we will use the <i>Purchasing Group</i> Z99 and the <i>Purchase Order Date</i> Today to locate the document.	
2. In the <i>Purchasing Group</i> field, enter Z99 and press Enter.	
3. To select the date, open the input help	

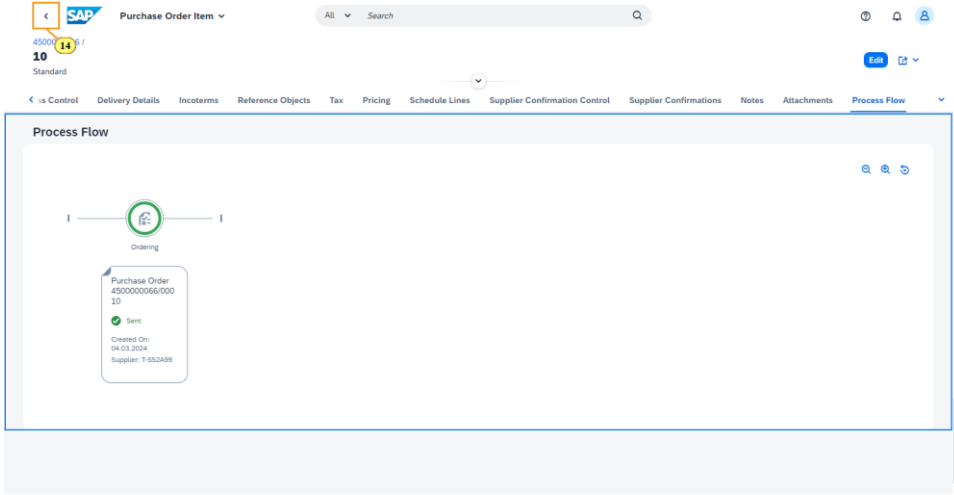

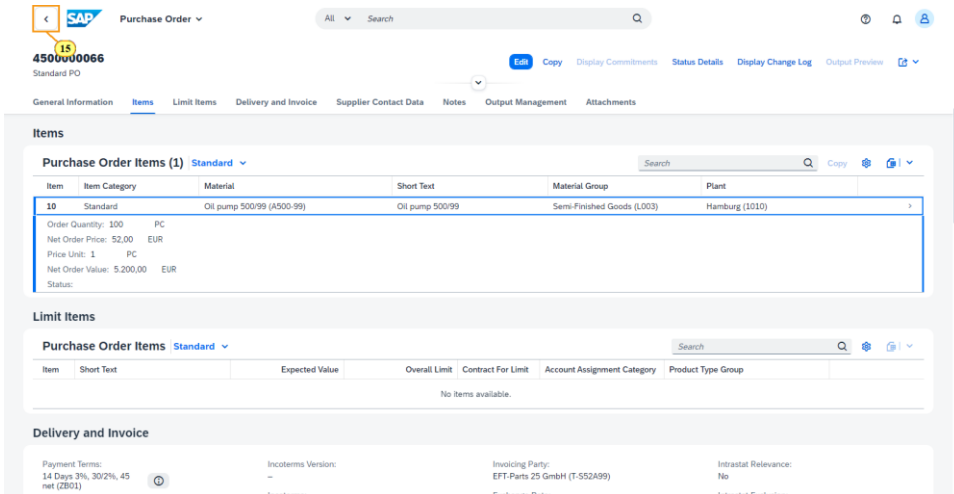

Explanation	Screenshot
In the dropdown list, you can select which date type you want to use in the search. You have the option of selecting documents for a single date or a date range. 4. Under <i>Single Dates</i> select Today.	
5. To execute the search, choose Go.	
In the search result you see three purchase orders (PO) with the following status: PO 4500000069, Status Not Yet Sent: The message for the purchase order has not yet	

Explanation	Screenshot																								
been sent. - PO 4500000068, Status Follow-On Documents: A goods receipt and/or invoice has been posted for the purchase order, for example. - PO 4500000066, Status Sent: The message for the PO was sent successfully.																									
In the next step of the demonstration, we will display the output details and the message itself for the purchase order 4500000066. 6. To display the purchase order in detail, choose the arrow. Explanation	Screenshot																						
7. To view the output details, choose <i>Output Management</i> .	 The screenshot shows the SAP Purchase Order interface for PO 4500000066. The 'Output Management' tab is highlighted in the top navigation bar. The 'Basic Data' section displays the purchase order details, including the status 'Sent', purchase order date '04.03.2024', and net value '5.200,00'. The 'Items' section shows a list of items, with the first item being 'Oil pump 500/99 (A500-99)'.																						
In row 1 you can see that the message for this purchase order has been scheduled for the output channel <i>Printout</i> and that the output has been successfully completed.	 The screenshot shows the 'Output Management' tab with a table of output details. The first row shows a completed output for the channel 'Printout'. The table columns include Item ID, Log, Status, Dispatch Time, Output Type, Role, Recipient, Channel, Form Language, Form Template, and Changed On. <table><thead><tr><th>Item ID</th><th>Log</th><th>Status</th><th>Dispatch Time</th><th>Output Type</th><th>Role</th><th>Recipient</th><th>Channel</th><th>Form Language</th><th>Form Template</th><th>Changed On</th></tr></thead><tbody><tr><td>1</td><td></td><td>Completed (4)</td><td>Scheduled (2)</td><td>Purchase Order (PURCHASE_ORDER)</td><td>LF</td><td>EFT-Parts 25 GmbH (T-552A99)</td><td>Printout (PRINT)</td><td>English (EN)</td><td>Form Template Purchase Order (MM_PUR_PURCHASE_ORDER)</td><td>04.03.2024, 15:59:19</td></tr></tbody></table>	Item ID	Log	Status	Dispatch Time	Output Type	Role	Recipient	Channel	Form Language	Form Template	Changed On	1		Completed (4)	Scheduled (2)	Purchase Order (PURCHASE_ORDER)	LF	EFT-Parts 25 GmbH (T-552A99)	Printout (PRINT)	English (EN)	Form Template Purchase Order (MM_PUR_PURCHASE_ORDER)	04.03.2024, 15:59:19
Item ID	Log	Status	Dispatch Time	Output Type	Role	Recipient	Channel	Form Language	Form Template	Changed On													
1		Completed (4)	Scheduled (2)	Purchase Order (PURCHASE_ORDER)	LF	EFT-Parts 25 GmbH (T-552A99)	Printout (PRINT)	English (EN)	Form Template Purchase Order (MM_PUR_PURCHASE_ORDER)	04.03.2024, 15:59:19													
8. To view more details, choose <i>Show More per Row</i> icon.	 The screenshot shows the 'Output Management' tab with a table of output details. The first row shows a completed output for the channel 'Printout'. The 'Show More per Row' icon is highlighted in the bottom right corner of the table.																						

Explanation	Screenshot
9. To display the message that was printout, choose the <i>Display Document</i> icon.	
The PDF of the message opens in a new browser window. To exit the preview, simply close the browser window.	
In the last step of the demonstration, we will check the process flow of the purchase order item. 10. To scroll to the items section, choose <i>Items</i>.	

Explanation	Screenshot
11. To display the item details, choose the arrow.	
 To view all tabs listed across the top of the page choose the downward arrow to the far left of the tab pane. 12. To expand the tab pane, choose the downward arrow.	
13. To display all documents related to the purchase order item, select <i>Process Flow</i>.	

Explanation	Screenshot
 In the <i>Process Flow</i> section, you can see that there are no other documents related to the purchase order item. This means that neither a goods receipt nor an invoice has been entered for this item. Here you can also see that the document currently has the status <i>Sent</i>. 14. To return to the previous screen, choose the back arrow.	
15. To return to the initial screen of the app, choose the back arrow again.	

Explanation	Screenshot																								
i You have now seen how to search for purchase orders and how to check the status and the details for the message output of a document. This concludes the demonstration.
